

Application Guidelines

You don't need any previous experience or a portfolio of expensive professional headshots to apply. So don't be shy. It's time to introduce yourself to Models SM– and just maybe the world!

As you complete your application, remember you're trying to make an impression on someone who has never met you. Use this platform to show us who you are and what you look like at your most natural.

Your best bet is to ask your parent, sibling, or best friend – the person you trust most to snap your picture on their smart phone camera whilst you are having fun. If in doubt, pick a passport photo over fashion shoot.

Have questions about the application process? Check the FAQs (Frequently Asked Questions) section.

Video Guidelines:

Now that we have your photos, we'd like to get to know your personality and see how you walk in full-length – with a brief, 30-second video.

You should be fresh-faced, with no makeup and clean hair worn down. You're not walking the runway; a simple outfit will do -- Skinny jeans and a sleeveless plain colored top for girls; Form-fitting jeans and a solid t-shirt for guys.

Tell us your name, age, height, and where you're from. Show us a normal, casual walk back and forth in front of the camera so that we can see your full line. And yes, feel free to smile for us!
